MOTIVATION

Traveling is a Relief. Traveling is fun and bonding with friends and family. But the first thing that crosses our mind,

How are we going to manage the traveling gears ?

We had to face many difficulties within this matter. So, This issue became our motivation. We had to face it , now we are trying to create a service, therefore No one has to face it in further future.

ABOUT US

GOAL

1

Save time & money

We are here to save your time, money & headaches.

2

Direct shipped

We rent travel gear online that we will be shipped straight to your door.

SOCIAL IMPACT

If travel gears are easily and cheaply available then more people will be encouraged to travel more and it will improve their mental health.

The tourism industry will greatly benefit from the increased number of travelers; Hence benefiting the economy.

ENVIRONMENTAL IMPACT

We can try to reduce problems like global warming a little bit through this website. We will arrange discounts from their carts on planting trees.

FUTURE PLAN

1. We Will Sell Products
2. Add Text & Video Blog Feature
